WEDNESDAY DECEMBER 30, 1908

RELIEF FOR ITALY.

Consul Schaeffer's appeal to the people of Hawaii for relief funds will unquestionably meet with a prompt response.

The people of Sicily have been the victims of one of the most frightful disasters of history and the whole civilized world turns instinctively to what ever measures may be within the power of citizens and communities for lending assistance.

Honolulu's answer to the call will be in keeping with its action on former occasions.

What are you doing to help Honolulu grow?

Soon we may write it "Our friends of the Philippines."

Baseballists, wake up. Honolulu has a reputation to maintain as a baseball town.

The southsayer who picked 1908 for a year of the greatest disasters won by a narrow margin and terrible event.

If Charybdis is wiped out, the change is such that the difficulties of Sicily and Charybdis will be more appropriate than ever.

Chairman Hustace is right. The people of the County should take more of a personal interest in the meetings of the Supervisors.

Two days and two and a half nights remain for the frisky police to capture the burglar who left his hat and shoes for ready identification.

The Bulletin has received a copy of the Organic Act amendment bill introduced by Delegate Kuhio. There's no doubt the amendment fat is well in the fire.

One hundred carpenters wanted in Honolulu! Doesn't that sound like progress? And are there one hundred citizen carpenters in all the City and County of Honolulu?

Judging from the record of the past four weeks, would it be possible for the Honolulu reform police force to run down a first-class crime shrouded by real mystery?

Speedy action should be the record of each day among those responsible for developing the supply of European laborers who will become permanent residents of Hawaii.

It is a notable fact that Japanese laborers on the plantations are generally contented. Only when professional agitators go among them do they discover that their comforts are all discomforts.

Of course County Government has been a success. In two years more the municipal government should be sufficiently experienced to take over the water works and the levy and collection of taxes.

Back up the Agricultural College by teaching the children of the schools the dignity of labor in the fields—agricultural labor. Hawaii has a great future supply of workers among its children, if they are properly trained.

K Amendments to Hawaii's Organic Act will go into the Congressional off while the President and Congress are about to indulge in one of the bitterest fights of history. Can the amendments properly be said to have been proposed at a timely period?

Japan having stopped all emigration of laborers to American territory, those now resident in Hawaii are more likely to make their permanent domicile here. They will become more a part of the community life. But it will not add to their reputation or the good name of their country to signalize the event by starting agitators that will create industrial trouble and check the prosperity of the community.

College Hills Homes for Sale

\$8000

Best of mountain and marine views. Home has 4 bedrooms; large lanais; modern enamel plumbing; gas and electric lights; servants' quarters; laundry; large grounds with shrubs and trees.

"TWELVE-DOLLAR-CLUB" DISCOVERED

During Stay of Fleets Immunity Promised Women

United States District Attorney Breckons is still carrying on his investigations in the matter of importing Japanese women for immoral purposes, and, as a result, has unearthed a new immunity club, similar to the famous "Ten-Dollar" Club. This one, however, may be called the "Twelve-Dollar" Club. It flourished during the stay of the Atlantic and Pacific Fleets here, according to statements that have been made to Breckons, by women denizens of Iwilei. On the payment of this sum to one certain person, whose name Breckons does not care to divulge at the present time, immunity from arrest was guaranteed.

Later, after the Fleets departed, the smaller sum of three dollars was extracted from the women. Who it is that the money has been paid to, the District Attorney does not care to state, but from the present outlook it appears that some sensations will be sprung shortly.

Ten people are under arrest at the present time, and the Marshal is searching for three or four more whom Breckons has evidence against.

All 1908 taxes remaining unpaid Jan. 1, 1909, will be published as delinquent.

ALASKAN WILL SAIL FOR NEW YORK CITY

Journey Will Be Made By Way of Magellan Straits

When the Alaskan sails from Hilo on January 14, with a cargo of sugar for New York, she will inaugurate a new policy on the part of the American-Hawaiian Company. She will sail direct to New York through the Straits of Magellan, instead of discharging her cargo at Tehuantepec, as has been the custom.

The meager facilities of the Tehuantepec railway, which handles the New York cargoes from the time they are discharged on the Pacific side until they are loaded onto other American-Hawaiian ships on the Atlantic side, make it impossible to care for all of the sugar with the necessary expedition. Congestion of freight therefore results.

This year the American-Hawaiian Company will therefore send five ships in all, carrying a total of 60,000 tons of sugar, direct from Hilo to New York. What ship will follow the Alaskan over the route has not yet been decided.

The run from Hilo to New York should be made in fifty-five days if reasonably good weather is encountered. The Alaskan will carry 12,000 tons of sugar.

MAYOR FERN PAYS FIRST OFFICIAL CALL

Mayor-elect Joseph J. Fern paid his first official call this morning, when he paid his respects to Acting Governor Mott-Smith. With him he took his resignation as Supervisor, which was acknowledged by the Acting Governor.

On account of the fact that the term runs but a few days more, no new Supervisor will be appointed in place of Fern. The Acting Governor wished him every success in his new office.

Joseph J. Fern took his oath of office before Judge De Bolt this morning, swearing that he would conscientiously and impartially fulfill the duties of the office of Mayor of the City and County of Honolulu.

The local representatives of the American-Hawaiian Steamship Company have received cable advices to the effect that the chartered steamer Pleiades will sail from Puget Sound direct for this port on January 1, the day originally set for her sailing. The Virginian, bringing the horses of the First and Third Troops of the Fifth Cavalry, will sail from San Francisco on January 3.

Though far off in ancient Egypt Mrs. H. Isenberg had not forgotten that Christmas would come to her many wards in Hawaii in course of time and had her deputies see to it that the celebration took place as of yore. The usual Christmas tree with the customary exercises formed therefore the program at the Lithuanian church on Wednesday, where nearly the whole German colony had put in an appearance. The children, under the guidance of Rev. Niemann and Mr. Rutsch, added to the festive feeling by appropriate recitations and songs, after which the tree was harvested and everybody found him or herself remembered by some kindly and welcome gift.—Garden Island.

Representative Coney went to town last Tuesday in order to be with his family during the holidays. He evidently had some doubt about the ability of Honolulu to supply enough Christmas cheer as he took along a choice selection of turkeys, chickens and pigs, not to speak of fruit, cocoanuts and similar incidentals.—Garden Island.

EHLERS

LETTERS FROM WOMEN About Pe-ru-na.

MRS. CLARA L. MILLER.

MRS. S. L. JEWELL.

MRS. MAHALA REID.

The following testimonials represent actual experience of every-day life. They are the truthful utterances of women who have been ill and have found a reliable remedy in Peru-na.

It means a great deal to the women of America to have at hand a remedy capable of giving such relief. Constipation, rheumatism, kidney trouble, bronchitis and a host of other catarrhal conditions are relieved by Peru-na. At least this is what the women say. They have no object in saying such things, except to render truthful testimony to their suffering sisters.

Peru-na is making such friends every day. It is the testimony of the people that has made Peru-na so justly famous.

Chronic Bronchitis.

Mrs. Clara L. Miller, Box 71, Columbia St., Seattle, Washington, U. S. A., formerly vice president of Skogay County Club, writes:

"Nine bottles of Peru-na cured me of a protracted case of bronchitis. There is no superior remedy that I know of, as the action of Peru-na on the vasa motor system of nerves is very beneficial. It increases the tone of the system and aids nature to perform her functions. I have recommended it to a number of my friends, who speak in the same high terms of it. I have certainly found it a most efficacious medicine."

Nervous, Tired and Weak.

Mrs. Christina Smukalla, 60 Winslow Ave., Buffalo, New York, U. S. A., writes: "I trust every one suffering from systemic catarrh will read this and profit by it."

"I was in a very bad condition indeed, when I began to take Peru-na, and my friends as well as myself were very much alarmed over my condition. I was always nervous, could not sleep at night, my food did me no good, and I was always tired and weak. I tried several doctors, but found no relief."

"Finally I took two bottles of Peru-na and felt like a different woman. However, I did not stop there, but kept on with it until I had taken several bottles, when I felt completely cured, and have remained so ever since. I can eat and sleep now."

A Good Word for Pe-ru-na.

Mrs. S. L. Jewell, R. F. D. 1, Freeport, Pennsylvania, U. S. A., writes:

"Having used Peru-na myself for many years with beneficial effects, and observing the good it has done others of my acquaintance, I cannot but say a good word in behalf of Peru-na."

Keeps Pe-ru-na in the House.

Mrs. Maria Goertz, Orienta, Oklahoma, U. S. A., writes: "My husband, children and myself have used your medicines, and we always keep them in the house in case of necessity. I was restored to health by this medicine, and Dr. Hartman's invaluable advice and books. People ask about me from different places, and are surprised that I can do all of my housework alone, and that I was cured by the doctor of chronic catarrh. My husband was cured of asthma, my daughter of carache and catarrh of the stomach, and my son of catarrh of the throat. When I was sick I weighed 100 pounds; now I weigh 140."

"Dr. Hartman's remedies have proven to be reliable and wonderful. Their effect upon the system is remarkable. Peru-na quiets the nerves, and is a great specific for all forms of chronic catarrh. I am very glad to say that I can write you that I am cured in every way of catarrh, with which I had suffered terribly for ten years. I cannot thank you enough for your advice."

Constipation, Kidney Trouble.

Mrs. Mahala Reid, Corbyville, Ont., Canada, writes:

"Your celebrated remedies have been a wonderful boon to me in my old age. I have not been in so good health for several years as now."

"I was troubled with constipation, rheumatism and kidney trouble. A little over two years ago I completely lost my health, becoming almost helpless, when a dear friend sent me your remedies, Peru-na and Manalin."

"I began to take them, following the directions on the bottles. I very soon began to feel benefited by their use, and continued to take them."

"I am now completely recovered from the above ailments, in fact, better than I have been for years past."

"I cannot praise the remedies too highly, and will always recommend them to others."

A Well-Known Remedy.

Peru-na is a catarrh remedy that has been in the field for many years. Other catarrh remedies have come and gone, but the reputation of Peru-na has outlived them all.

Peru-na is a combination of efficient herbal remedies that yields a powerful influence on all the mucous membranes of the body, and hence reaches catarrh wherever it is located.

The following wholesale druggists will supply the retail trade: BENSON, SMITH & CO., Honolulu, Hawaii.

W. G. IRWIN TO RETURN IN FEBRUARY

W. G. Irwin is expected to arrive in Honolulu during the month of February and resume the active management of his interests while Manager W. M. Giffard goes on an extended vacation. It is expected that Mr. Irwin will remain in this city the greater part of the year, making this his home with occasional visits to San Francisco.

SEATS FOR KALIHI HOME

R. K. Bonine has set aside something more than fifty seats for the children of the Kalihi Home at his moving picture exhibition at the Opera House on New Year's afternoon. The exhibition promises to be a great treat for the children, as the films which Bonine will exhibit are of more than usual interest.

All 1908 taxes remaining unpaid Jan. 1, 1909, will be published as delinquent.

The strike that occurred at Mana, Kauai, last week came to an abrupt end with the return of Manager Fayo from Honolulu.

Wm. Schieber has gone to Honolulu and will forsake even the chance of winning a stein at the alley for the pleasure of spending two weeks with his children.—Garden Island.
